

Love Kittens?

The Yolo County Animal Shelter is looking for temporary

Foster Homes

for underage kittens and nursing moms.

No previous experience or special knowledge is required! We provide **all** the supplies, support, and training you need. You provide a **warm, caring, and safe environment** to help the kittens grow and become outgoing, happy, and world-ready. By fostering, you *will* save lives!

Interested foster parents **must** be available during the summer, attend a **foster program orientation**, and love kittens. Orientations are offered on an ongoing basis and are not necessarily a prerequisite to fostering.

For upcoming program orientation dates and more information just:

email us at yolofoster@yahoo.com
